**Why:** Giving back to our community through its youth. You'll receive recognition from the kids, adults, businesses, and other organizations within Brown County that support you and your company or organization. In many cases it's the individual giving back, in any amount (even a \$50 donation adds up in a hurry) to simply insure the continued success of this program so that current and future generations continue to be influenced and impacted by this agricultural life style, and growth in personal character that has impacted so many past generations.

Please remember these three very important facts about the BCFA a 501-C5 nonprofit corporation (Tax ID# 75-1526814) when considering your donation and amount.

- #1. 100% of your donation goes directly to the kids.
- #2. 100% of our 30 board members, committee members, and the hundreds of other people that keep the legacy of this program growing every year are all non-paid volunteers.
- #3. The kids could not participate without your donation. The kids rely on you and your donations to pay or defer the cost of their animals and many other projects, along with associated feed bills, travel and many other out of pocket expenses, not only to this county show but also to the San Antonio/Houston/Austin/Fort Worth/San Angelo major stock shows.

If you received one of these flyers you are obviously the kind of person that already knows the great personal satisfaction and enjoyment when giving back, especially through our kids. I hope you're able join us and come bid in person or contact one of BCFA's finance committee members listed on our web page to make arrangements to combine your donation with others to cover a single premium sale price for an individual project ranging from \$5,000 - \$500 dollars, or you may want to target a specific exhibitor.
