WE NEED AT LEAST 2 ADULTS FOR EVERY SHIFT WORKING TO SUPERVISE

Workers (students and adults alike!) must be able to look over the counter and make correct change.

Club Leaders: Commit to come help or place a backup person to supervise

Post your work schedule on big cooler so everyone can see who is supposed to work.

Complete work schedule and make sure people show up.

We can use grandparents, aunts, uncles, your neighbors, and/or third cousins if they can make correct change!

Make copies of this schedule and give to your help with their time highlighted, circled, reminders before christmas vacation.....

Remember all those people who always say, "Let me know if you need help." *This is it!*

Please encourage everyone to be pleasant at the window to encourage sales.

100% of this money goes right back to maintain the facilities, to make this show a great success!
